Religious Education

For our Catholic students from Primary 1 to Primary 6, GRACE (God Reaching out to All Children Everyday) lessons are conducted by our Catholic teachers and staff.

The lessons are aimed at helping students to understand their faith and live the gospel values in their daily lives. Apart from the lessons, school activities such as visiting of churches, retreats and Rosary devotions are conducted for the Catholic students to help them deepen their faith. The Catholic students also attend termly Family Masses and all students attend the School Masses.

Concurrent with GRACE lessons, LOVE (Living Our Virtues Everyday) lessons are conducted for our non-Catholic students.

These lessons are aligned with our school virtues. Students learn about moral values and ethical principles. Class activities such as group discussions, sharing and reflection on self and others will be conducted for the students to share their experiences with one another.

How can parents help our children develop good digital habits?

- Good digital habits start from the home. Supporting our children early in this process will help them greatly as they grow older.

- Based on MOH's Guidance on Screen Use for 7-12 year olds, parents are encouraged to:
  - Use parental control settings to monitor and ensure children access to age-appropriate content;
  - Develop a timetable or screen use agreement to balance screen time and family bonding and;
  - Avoid screen use during mealtimes and one hour before bedtime.

- Co-viewing with our children is also important. Knowing what our children are viewing will create more opportunities for conversations.

How to have open communication with our children?

- Open communication is critical in building a positive-child relationship.

- Talk to our children about their online activities in everyday conversations:
  - Did you enjoy the video that we watched together just now? What did you like/not like about the video?
  - Have you seen or heard anything online that bothered or worried you? Tell me about it.

How to role model good digital habits for our children?

- Children often mirror what their parents do.
- We can role model positive digital habits for our children.
  - When using your devices, consider whether it interrupts your interactions with them.
- We may want to set aside time to head outdoors with them or engage in non-technology based activities together (e.g. sports or a board game).
